# RTF - A BRIEF BACKGROUND

RTF's existential objective is a synthesis of Creative Arts, Technology, Capacity Building and Sustenance. Each year, we offer FREE festival participation as well as FREE Trainings, Master Classes and Advantage Sessions geared towards improving the skillset and exposure of our mostly young and budding participants.

Our festival attracts notable filmmakers and Creative Artists from Africa and the world at large, who converge annually for RTF in Lagos - Nigeria. RTF is currently the ONLY Film Festival which takes place annually, exclusively on the mainland axis of Lagos. It is the ONLY Festival with a competitive category for "Films made by Kids" and also the ONLY Festival where participant make movies during our proprietary REALTIME FILMMAKING CHALLENGE. Only films made during the #rtfChallenge are shown during our Closing ceremony / Awards night! Participation in our festival has grown from 1600 in our first year to 13,000 during our last edition in 2018.

This year, we had 2100 films submitted from 156 countries, out of which 180 films have been selected for screening in seven days. We look forward to seeing you in June!
